Notes:

- 1) Slink: Ladies/men, followed by partner, (continuing out of the courtesy turn) cross right and turn round their right shoulder into a partner/neighbour swing. This move was invented by Michael Barraclough on 16 Oct 2019.
- 2) Original B2 1-2 was 'pass through across the set' with the suggestion that the men go first to reduce crowding. I created the 'slink' move to avoid the collisions.

A1 1-4 Circle left $\frac{3}{4}$, pass through (*along*)
5-8 (*New*) neighbour do-si-do

A2 1-4 Hey (*ladies pass left*)
